Canon

Small, speedy and style-conscious scanners

Scanning made easier with the super-compact and intelligent imageFORMULA DR-C125/DR-C125W – ideal for small office and counter-top environments. The DR-C125W's built-in Wi-Fi allows wireless scanning from mobile, tablet and PC devices.

B&W SPEED

COLOUR SPEED

DAILY DUTY CYCLE

AUTOMATIC DOCUMENT FEEDER

	B&W SPEED	COLOUR SPEED	DAILY DUTY CYCLE	AUTOMATIC DOCUMENT FEEDER
DR-C125	25ppm	25ppm	1,500 scans/day	30 sheets
DR-C125W (Wi-Fi)*	22ppm	10ppm	1,500 scans/day	30 sheets

* Scanning speeds may vary dependent on the Wi-Fi network/speeds quoted based on Access Point Mode via Canon Scanner Wireless Connection Utility

Slim profile, unique design

With its innovative and space-saving vertical J-Path design the DR-C125/W sets a new standard for ultra-compact desktop scanners.

The vertical J-Path design allows documents to be fed and received vertically, so no extra desk space is required. Side-mounted cables and ports let you place both devices directly against a rear wall, or even on a shelf, for the ultimate in space-saving convenience.

Unique vertical J-Path design

Boosting your productivity

To reduce delays and keep production levels high the DR-C125/W offers easy 'one-touch' scanning. Pressing the scanner's start button boots up your CaptureOnTouch software application and gets you ready to scan in seconds. Canon takes innovation forward with the DR-C125's intuitive natural feeding concept. This allows users to feed documents into the scanner face up, in their natural orientation.

Fast, high quality scanning

The DR-C125 delivers impressive double-sided scanning speeds, while the DR-C125W with Wi-Fi offers greater productivity for scanning documents directly to smart devices. Equipped with a CMOS CIS (Contact Image Sensor) unit; high quality images can be produced allowing better text readability for enhanced OCR (Optical Character Recognition) accuracy.

Extremely versatile and reliable

Both the DR-C125/W can handle a varied mix of document types. By switching the paper feeding to straight-through path you can scan A3 sized documents (in Folio mode), thick documents, embossed cards and 3 metre long documents with ease.

The reliable ultrasonic Double Feed Detection feature accurately detects when more than one sheet is fed simultaneously, which can prevent important information from being lost or missed.

Simple, intuitive scanning

The DR-C125/W have been designed to encourage easy scanning with an array of intuitive features. The Full Auto Mode feature (when using CaptureOnTouch software) automatically applies the best settings for key document parameters – including text orientation, page size detection, colour, resolution and skip blank page, saving you time and effort.

Extend your options with the Flatbed Scanner Unit 101

For the ultimate in versatile scanning solutions, the optional Flatbed Unit 101 is a perfect partner for the DR-C125. Easily attached via USB cable, the Flatbed Unit option offers you the chance to scan bound and fragile documents up to Legal size. A precision 1200dpi sensor ensures superior image quality while a unique Ambient Light Control feature allows open-cover scanning.

Introducing the DR-C125W – with built-in Wi-Fi technology, it is the perfect device for scanning wirelessly from mobile, tablet and PC devices.

Scan with Wi-Fi to Mobile, PC and to the Cloud

DR-C125W

The DR-C125W with built-in Wi-Fi technology delivers an enhanced customer experience with efficient batch-capture of information to mobile/smart devices. Businesses can also share the DR-C125W wirelessly, amongst office departments by downloading the Canon Scanner Wireless Connection Utility to enable wireless scanning from your PC.

CaptureOnTouch Mobile App

Scan direct to your iPhone, iPad and Android device with the free CaptureOnTouch mobile App. It comes with the advanced image processing tools such as automatic size detection, deskew and skip blank page – giving consistently superior image quality results.

Download the free CaptureOnTouch mobile App from Google Play (Android user) and Apple App Store (iOS user).

Powerful software built for integration and performance

The DR-C125/W are hybrid scanners which accommodate both Mac and Windows users. They are bundled with a great range of desktop software to boost your productivity.

CaptureOnTouch

An intuitive capture software designed to make it faster and easier to achieve premium quality results. CaptureOnTouch supports scanning to multiple file formats, including PDF, PDF-A, TIFF, JPEG, BMP and PPTX. CaptureOnTouch can also send information directly to data management systems.

eCopy® PDF Pro Office

A powerful, easy-to-use desktop application that creates, edits and converts PDFs enabling collaboration like never before.

OmniPage

Convert original paper documents into editable electronic files using OCR.

PaperPort

This file management application is renowned for its intuitive and user-friendly graphic user interface, making it easy to store, organise and retrieve your digital documents.

Presto! PageManager

A simple but powerful filing software for Mac users that enables you to store, organise and edit your digital documents.

Presto! BizCard

Scan business cards to convert and organise important information into a searchable database.

Plug-in software

Plug-in software are installed for Microsoft SharePoint (Windows only) and Evernote (DR-C125) to further enhance scan to cloud capability.

Specifications: DR-C125/DR-C125W Ultra-Compact Desktop Workgroup Scanners

Type	Desktop Type Sheet Fed Scanner	
Document Reading Sensor	CMOS CIS 1 Line Sensor
